All Over Me

© 2001, Chuk MacDonald

[Listen to Maruja Boogard sing this song on Kontantin Klashtorni's album "Smooth Jazz".](#)

1st verse

I don't miss your smile

Anymore

Or crave your sweet kisses

That's for sure.

I've gotten over you,

Please believe.

I just wish you were all over
me.

3rd verse

I don't miss your whispers

In my ear

Sendin' me those shivers

I feel here.

I'm living footloose

And fancy free,

I wish you we're all over me.

2nd verse

I don't really mind

If people stare.

I wear these sunglasses

For the glare.

Forget about those rumors,

Any fool can see,

I just wish you we're all over me.

4th verse

It don't hurt to see you

With someone-else.

I've been seein'

"Some body" myself.

So many doors have opened

Since you took back my key.

I just wish you we're all over me.

Chorus

I just wish you were all over me.

So I could stop seein' you in misery

Maybe I'm insensitive

But ever since our good-bye kiss

I've had a bitter-sweet taste on my
lips
