

A Little Too Close

[Listen to Chuk's first take of this song](#)

1st verse

Is it just me

Or are you from heaven?

We've only just met

But I can't let you go.

Is it just a fantasy,

Could you want me secretly

Or did I just hold you

A little too close?

2nd verse

Are your kisses

As sweet as your smile?

Could my lips tell

What I need to know?

Is it just a fantasy,

Could you need me secretly

Or did I just hold you

A little too close?

3rd verse

Do you believe

In love at first sight?

Well I never have.

Now I just don't know.

Is it just a fantasy,

Could you love me secretly

Or did I just hold you

A little too close?

Chorus

A little too close,

A little too close,

A little too close,

Too close to my heart.

Bridge

Is this just an infatuation?

Could this be "The Real Thing"?

Or is my imagination

Playin' a trick on me?
